

## PROFILE

Enthusiastic and detail-oriented **Python Full Stack Developer** with hands-on experience in **Django, Python, SQL, HTML5, CSS3, JavaScript, and Bootstrap**. Skilled in building **responsive web applications**, integrating **frontend and backend systems**, and deploying projects on **GitHub Pages** and **Render**. Completed **Python Full Stack Development training** and developed multiple **real-world projects**, including chat applications, interactive games and **portfolio websites**. Seeking an entry-level position to leverage my technical skills, analytical mindset and passion for technology to contribute to innovative projects and streamline processes within an enlightened organization.

## SKILLS

- **Programming Languages:** Python, JavaScript, SQL
- **Web Technologies:** HTML5, CSS3, Bootstrap
- **Frameworks & Libraries:** Django, Pygame
- **Databases:** MySQL, SQLite
- **Version Control & Hosting:** Git, GitHub, GitHub Pages
- **Tools & IDEs :** IDLE, PyCharm ,VS Code, Eclipse
- **Core Competencies:** Responsive Web Design, API Integration, Problem-Solving, Debugging.

## PROJECTS

**SmartCampus – End-to-End Student & Staff Management Portal** – Deployed into GitHub

- Designed a secure, role-based Student Management System with dedicated dashboards for administrators, staff and students.
- Automated core academic processes including course management, attendance, leave requests, feedback and announcements in one unified platform.
- **Built responsive, mobile-friendly dashboards** for fast data handling and clear reporting.
- Delivered a scalable, multi-database-ready architecture for smooth deployment and future upgrades.

**Personal Portfolio Website** – Hosted on GitHub Pages ([7013214344.github.io](https://7013214344.github.io))

- Designed and developed a responsive personal portfolio using **HTML5, CSS3, JavaScript, and Bootstrap**.
- Designed an intuitive layout to highlight skills, education and achievements with easy navigation.
- Implemented **mobile-friendly** design and optimized for **fast loading speed**.
- Deployed on **GitHub Pages** for seamless public access and professional presentation.

## EDUCATION

- |   |                                      |
|---|--------------------------------------|
